# LINEAR SYSTEMS.

**MAKE AN IMPACT**

**QUAD 46** | Surface-mounted linear profile modules with 3000K LED and an opal diffuser. Shown in a matt black finish.

## FIRST IMPRESSIONS

**QUAD 62** | *Made-to-Measure linear profile with 4000K LED, opal diffuser and a matt white finish. Can be recessed, surface mounted and suspended seamlessly.*

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**QUAD 100** | *Surface mounted Made-to-Measure linear profile with 4000K LED and opal diffuser. Shown here in an anodised aluminium finish.*

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**ENERGISE YOUR SPACE**

FOLLOW THE CURVES

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**QUAD Curved** | Recessed curved profile with articulated 3000K LED. Shown here in an anodised aluminium finish.

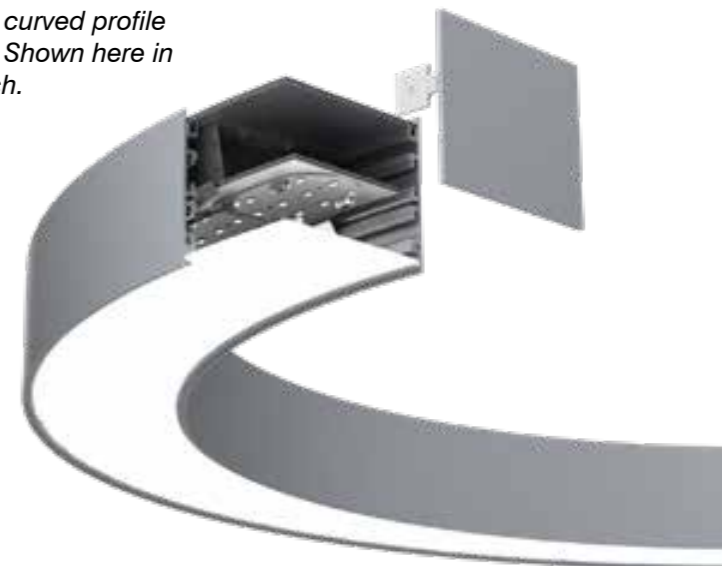

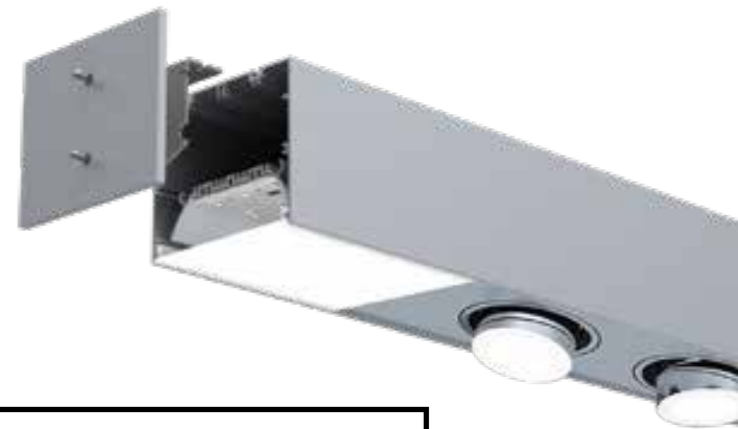

Image credit: Cattiona Mills, Lumsden Design

## CONDENSE THE SOLUTION

**QUAD 100** | *Made-to-Measure profile with integrated adjustable downlights and infill panels, interspersed with asymmetric linear 3000K LED.*

## PROJECT SPECIFIC

**SAM 215** | *Made-to-Measure profile with integrated adjustable downlights and continuous indirect 3000K LED. Shown here in a custom anodised finish.*

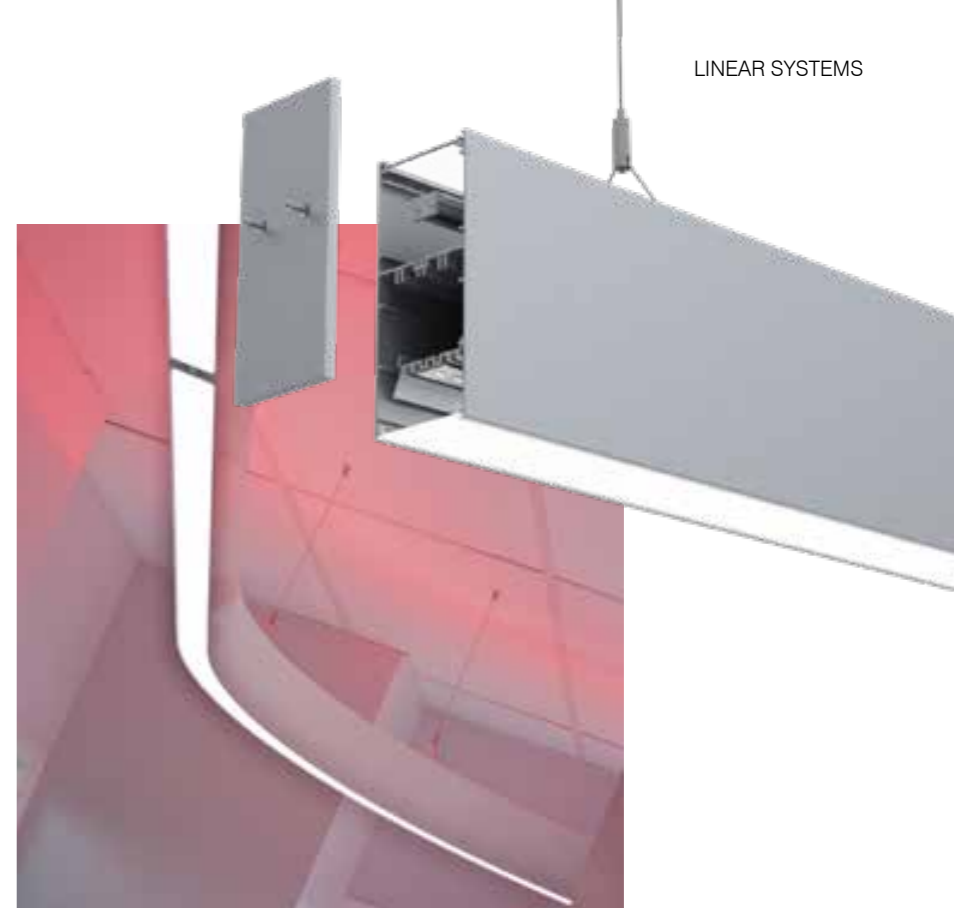

NO OBSTACLES

Image credit: Fitness First

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

LINEAR SYSTEMS

**TATOO 62** | *Made-to-Measure linear direct/indirect profile with a curved section, opal diffuser and integrated emergency lighting.*

## CHANGE DIRECTION

**TEMA** | *Made-to-Measure linear profile with fixed integrated 3000K LED downlights. Shown here in an anodised aluminium finish.*

# DOWNLIGHTS.

VERSATILE SPACES

**KEGE** | Recessed adjustable downlights with 3000K Xicato LED, in single, double or triple lamp versions. Shown in a matt white finish.

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

Image credit: Tony Lu Photography

## HIGHLIGHT PRODUCTS

**VISION** | Recessed adjustable downlights with 4000K Xicato LED. Shown here in double or triple lamp versions, with a matt white trim and backplate.

## BE ADJUSTABLE

**KARMA** | Recessed adjustable downlights with 3000K Xicato LED, featuring an offset 90° pivot with 360° rotation for extensive adjustability.

## SOFTEN THE EDGES

**FLUTE** | Recessed fixed downlights with 3000K 15W LED. Features a fluted bezel to soften edges and reduce glare, shown in a matt white trim.

## BE ADAPTABLE

**KENO** | Recessed Made-to-Measure linear downlight system with adjustable 3000K LED downlights. Shown here in a matt black finish. The ceiling cavity can be back-lit.

## MULTI-FUNCTION

**KENO** | Recessed linear downlight system with adjustable 3000K LED downlights. Shown in a matt black finish. The back-box can be used to house additional services.

# TRACKS & SPOTS.

Image credit: LUSH

## VIBRANT COLOURS

**ICA 230V** | Suspended 230V track with adjustable 3000K LED spotlights, utilising Xicato Artist LED with a CRI of 90. Seen here in a matt black finish.

**DART 230V** | Suspended TATOO profile with indirect linear LED and integrated 230V track. Shown with adjustable 4000K LED spotlights, utilising Xicato Artist LED chips with a high CRI of 90. Seen here in a matt black finish.

**CURVED TRACK**

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**NIKO 48V** | Curved surface mounted 48V track with adjustable 2700K Xicato LED spots. Seen here in a matt black finish.

# PENDANTS.

## CLASSICAL STYLE

**JOGG** | *Suspended pendant providing ambient LED lighting from petal-shaped diffusers, mounted on flexible wire arms with transparent cable.*

## STRENGTH IN NUMBERS

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**LINGFIELD** | A centrally suspended pendant providing decorative LED lighting from concentric rings in copper and matt black finishes. Seen here in 600mm, 900mm and 1200mm diameters.

## SCALE YOUR SOLUTION

**LAXA +** | A circular suspended pendant with a direct-indirect light distribution providing 4000K LED lighting. Seen here in matt silver and matt black finishes, in 600mm and 1200mm diameters.

Image credit: James French Photography

**LIGHT IT UP**

**CIRCUS +** | Ring-shaped suspended pendants with a direct-indirect light distribution providing 3000K direct and RGB indirect lighting. Seen here in 1200mm, 1500mm and 2500mm diameters.

## CREATE SUSPENSE

**TUBE** | *Suspended 150mm diameter tubes providing 3000K LED lighting. Seen here in anodised aluminium 1.2 metre lengths.*

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

**LAYERS OF DETAIL**

**TRIAD** | *Triangular suspended pendants providing direct-indirect 4000K LED lighting. Seen here in an anodised aluminium finish.*

Image credit: Hoare Lea / Haskoll

**LIGHT PATTERNS**

**BELLA** | *Rounded triangular pendants providing direct 3000K LED lighting. Shown here in an anodised aluminium finish.*

# MINI PROFILES.

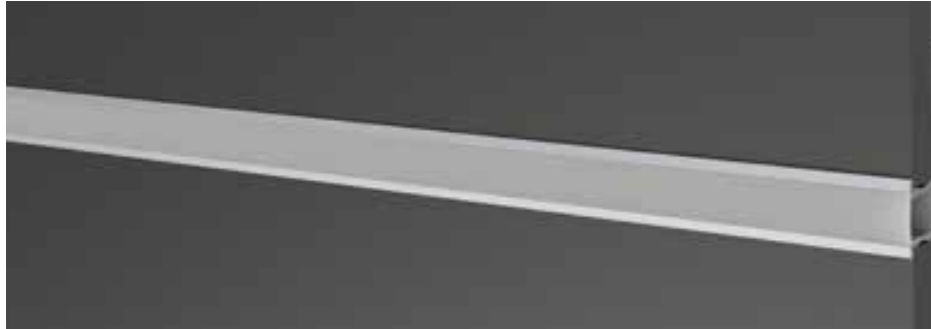

**DRAD 1** | *Surface mounted Made-to-Measure profile shown here in an anodised aluminium finish, with Opteflex close-pitch linear LED.*

**LIGHT AS A GUIDE**

**DRAD 2** | Recessed Made-to-Measure profile with RGB linear LED providing decorative colour-changing accent lighting.

**BRANDING SPACES**

GET CREATIVE

Image credit: Michael Grubb Studios

**ROKS** | *Cylindrical Made-to-Measure surface mounted profile with opal diffuser in an anodised aluminium finish, providing 2700K accent lighting.*

**FIRO** | Compact Made-to-Measure IP rated profile providing ambient 4000K LED lighting for discreet coves.

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

PURE LIGHT

**GLARE-FREE**

Image credit: Alaiendb / Virgin Active

**COVE** | *Glare-free Made-to-Measure profile for low level lighting, providing a 3000K LED wash.*

**BESPOKE.**

**Price Waterhouse Coopers | KENO**  
*Curved Made-to-Measure lighting frame system with integrated downlights and illuminated linear sections.*

Image credit: David Barbour / BDP

**Intu Victoria Shopping Centre | CONICO**

*Suspended pendant providing RGBW light through its 2 metre conical diffuser, with a direct 3000lm Xicato downlight.*

For more information visit [www.optelma.co.uk](http://www.optelma.co.uk)

BESPOKE

Image credit: Intu Victoria / Facebook Media

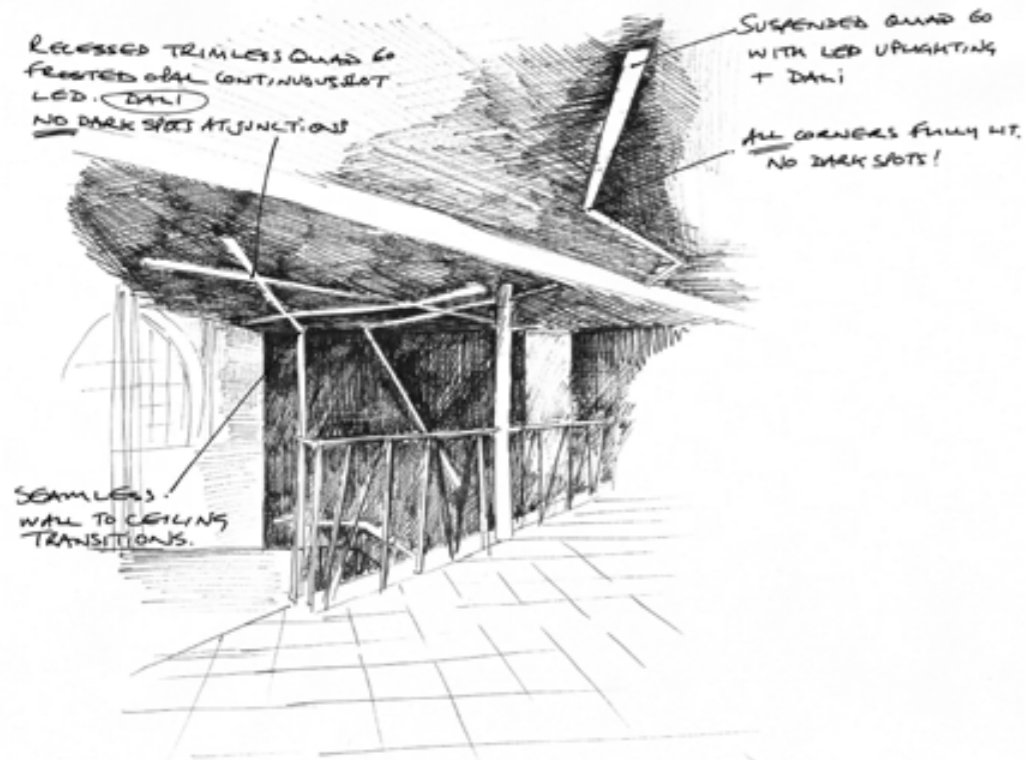

#### **M&M World | DYNAMIC DISPLAY**

*248 polycarbonate illuminated boxes, varying in length up to 3 metres with colour-changing RGB LED cores providing a uniquely dynamic display.*

**First Central 200 | CUSTOM PENDANT**

*Bespoke curved direct-indirect lighting solution with custom-anodised aluminium walls and opal diffuser.*

### Leo Burnett | INTERSECTION

Complex linear intersections forming a feature lighting display, delivering continuous and seamless 3000K LED light.

"Optelma are always there  
to illuminate the sometimes  
tricky matter of intelligent and  
sympathetic lighting."

Terence Conran
